

DOOR-LAM MANUFACTURING Your Partner For Success

MANUFACTURER OF ARCHITECTURAL WOOD DOORS, CUSTOM WOOD DOORS AND ARCHITECTURAL PANELS

Door-Lam Manufacturing provides architectural quality door products for discerning clients. Our product line includes solid core doors with varying constructions and surfaces to meet our customer needs. Being the manufacturer enables us to react quickly to requests for customized and varying requirements. We look forward to the opportunity to supply your quality door needs. Door-Lam is a Canadian manufacturer based in the capital of Canada specializing in the manufacture of architectural and custom wood doors and custom veneer panels for interior use.

Working with the trade to manufacture fine architectural doors for commercial applications our company has many years of experience creating work for you - on time and on budget. Door-Lam Manufacturing has established a web presence in order to better serve our clients in Canada and around the world.

With its years of experience and in-depth knowledge Door-Lam can assist you with your projects. Door-Lam is a certified member of AWMAC, the Architectural Woodwork Manufacturers Association of Canada and a member of DHI, the Door Hardware Institute. Door-Lam also has membership in the Toronto and Ottawa Construction Associations.
